Volunteer Service Projects and Volunteer Service Project Grant

Volunteer Service Project - A chapter performs a volunteer service project when at least five members join in providing hands-on service, not funds, to a needy individual or a not-for-profit organization. Popular volunteer service projects include hosting a Christmas party at a nursing home, making food for the soup kitchen, and creating blankets for a homeless shelter.

Volunteer Service Project Grant - The Volunteer Project Service Grant is intended to help chapters perform projects when start-up materials and supplies are needed in order to accomplish the project. Up to \$500 per project may be granted. Funding eligibility is determined based on financial products held within the chapter.

Not every volunteer service project is eligible for a grant. In addition to the general requirements stated above, there must be a need for materials or supplies that will be used in carrying out the actual service. In other words, the materials or supplies must be part of a larger service effort (such as refreshments for a card party for senior citizens) or must be used to create something of greater value than the material or supplies themselves (such as the fabric, thread, and buttons used to make teddy bears for a local hospital).

The following examples may be helpful:

1. A chapter purchases small gifts and delivers them to a women's shelter for Christmas. This is a fine volunteer service project; however, it does not qualify for a grant. The items gathered will not be changed to create something of greater value, nor are they part of a larger service effort.
2. Another chapter purchases small gifts for a women's shelter. Gifts can only account for 20% or less of the requested grant. A few days before Christmas, the chapter hosts a Christmas party at the shelter. Members serve cookies, mingle with the residents, and lead the singing of Christmas carols. A grant could be requested for refreshments and gifts, since the actual hosting of the party is the real service being provided.
3. Another chapter purchases yarn and makes mittens for distribution to residents of a women's shelter. Many hours are devoted to turning the yarn into useful new items. A grant could be requested for the purchase of the yarn, since the members' service will turn it into something of greater value.

For complete Volunteer Service Project Grant guidelines, refer to the Benefits of Membership, Form C-92.
